

As a 501(c)3 Charitable Equine-Assisted-Therapy Organization, *Hope and Healing at Hillenglade* has served (free of charge) over 4,000 Military, First Responders and their families since 2010.

Before COVID-19, HHH was fully supported by grants and private donations... **BUT**, as everyone knows all too well, these are different days: Funding has evaporated - as it has for so many 501(c)3's.

To that end, we have no choice but to ask for Sponsors for the on-going care of our animals which will allow us to continue serving our Heroes and their families!

PLEASE NOTE that all our animals on the property have been donated or rescued, and the care for each one includes veterinarian services/grain/hay/bedding/supplements/farrier services/grooming/barn care, etc... **PLEASE ASK US ABOUT THE VARYING FINANCIAL NEEDS OF EACH INDIVIDUAL HHH 4-LEGGED TEAM-MEMBER.** Base care ranges from \$250 to \$750 per month.

All your donations are tax deductible and will go directly to HHH services. Please go to our donation link on our website at hillenglade.org

Thank you in advance for your generosity... Any size gift is welcome!

Founder and President of HHH and Jennifer O'Neill Ministries Inc.
