

*Hope and Healing at Hillenglade  
Equine-Assisted Programs  
Mission Statement*

As a 501c3 Nonprofit Charitable Organization, *Hope and Healing at Hillenglade (HHH)* offers, **free of charge**, individual and/or group Equine-Assisted Events, Programs, Sessions and Retreats for Active Duty Military, Veterans, and First Responders.

**HHH** is a *safe* place to **renew** hearts, **rebuild** lives and **restore** relationships.

Since 2010, **HHH** has served over 4000 brave Warriors (*and their families*) who have sacrificed so much to ensure our freedoms and protection. Here at *Hope and Healing at Hillenglade*, we specifically address the ravages of PTSD, including the rising suicide and divorce rates of our National Heroes. Considering the staggering fact that *well over 24* of our First Responders commit suicide *every day*, it's time for the Private Sector and Corporate World to step up and help provide a place of refuge and healing.

***The time is now ... The need is great!***

***God Bless America!***
